desolate loving in your eyes
you used an' made my life so sweet
step out like a god found child
i saw your eyes across the street
who would be the fool to take you
be more than just kind
step into a life of maybe
love is hard to find
in the church of the poison mind (x3)
watch me clinging to the beat
i had to fight to make it mine
that religion you could sink it neat
just move your feet an' you'll feel fine
would be the fool to maybe
trick a kiss in time
who am i to say that's crazy
love will make you blind
in the church of the poison mind (x3)
