I know a song ain't good enough to let you know how I
feel

I'll sing it hard, I'll sing it sweet, to let you know that it's
real

If I change my attitude, maybe I can conquer you
completely

All the things I say and do, everything I learn from you
defeats me

And I let you down

I let you down

I let you down

I let you down

I know it's wrong to blame the past for everything that I
do

I fool the world most of the time but there's no fooling
you

If I change my attitude, maybe I can conquer you
completely

Everything I say and do, all I learn from you defeat me

And I let you down

I let you down

I let you down

I let you down

I let you down

Let you down

What you see ain't always what you get

No matter how clear it seems

One minute lovers, then the next...

Oh oh no

Oh no

I let you down, yeah yeah

I let you down

I let you down

I let you down

I let you down

I let you down

Let you down

Let you down
