Pockets flood, guard your nigga lane
Gone off patron, she feels the same
She bad as fuck, I don't know here name
So I call her by her Twitter name
I'm too... I don't give a damn
She see through this shit like a window pain
I don't trick off to no hoes,
But she so bad I wanna give her thang
She tipsy, she just talking
She say she stay on and off
She say her nigga locked up he used to be the ass
Now she pissed off
She say she never trust no nigga and I feel it
But that nigga gone, you need to go and come with a
real...
Hold up, lame niggas do lame they wanna pit bitch
You don't neve wanna think, you know he just wanna
watch netflix
Hodl up, I'ma lock you in and I'ma hit you up tomorrow
round 7
She say she work better cost and ... she get off around
11, hold up

I bet when you hit the club, you didn't think you'll meet
a thug
Like me, like me, that you fall in love
I bet when you hit the club, you didn't think you'll meet
a thug
Like me, like me, that you fall in love
I can tell that she wanna fuck, by the way she dancing
in the club
Seen it her eyes bet she knows what's up
She feel a g and she wanna fuck

Hold up, she 22 and been through some shit
She say them niggas won't treat her right
Niggas always trying to sell her dreams
Every nigga she liked, fucked up her life,
She go to...she work 2 jobs and she don't strip
She got a little daughter, and her face make her work
harder

So regardless the ... trying to talk down, she don't get
her paper
She ain't bout the plan, ... she like ...I know you a rapper
I ain't trying to sound crazy, I ain't trying to get reckless
with you
I just hate dudes that text me stuff like can you send
me some sexy pictures
Hold up, I ain't bout that real... in
And I never cheat on you even though you have a sexy
sister
I got a crazy life and a lot of hoes in it
I'm just looking for a bad bitch living the good life with
some goals in it

I bet when you hit the club, you didn't think you'll meet
a thug
Like me, like me, that you fall in love
I bet when you hit the club, you didn't think you'll meet
a thug
Like me, like me, that you fall in love
I can tell that she wanna fuck, by the way she dancing
in the club
Seen it her eyes bet she knows what's up
She feel a g and she wanna fuck.
