up above my shoulder the ragged rooftops rise
casting shadows over streets they seem to despise
(Chorus:) come on, come on, wind and rain
i know the sun will shine again
till then my lady and my Lord will keep me sane

i went down to the dead lake shore to see what i could
see
along the breeze came, away my cap went, my head it
was set free

(chorus)

and i hear a far away tune come drifting through the
gray
it clears a path before my feet, it makes my fingers
play

(chorus)

(Chorus:) come on, come on, soot and storm
i know the sun will break your arm
till then my lady and my Lord will keep me warm
