up above my shoulder the ragged rooftops rise  
casting shadows over streets they seem to despise  
(Chorus:) come on, come on, wind and rain  
i know the sun will shine again  
till then my lady and my Lord will keep me sane

i went down to the dead lake shore to see what i could  
see  
along the breeze came, away my cap went, my head it  
was set free

(chorus)

and i hear a far away tune come drifting through the  
gray  
it clears a path before my feet, it makes my fingers  
play

(chorus)

(Chorus:) come on, come on, soot and storm  
i know the sun will break your arm  
till then my lady and my Lord will keep me warm
