you've got covert action  
prejudice to extremes  
you've got primitive cunning  
and high tech means  
you've got eyes everywhere  
but people see through you

you've got good manipulators  
got your store of dupes  
you've got the idiot clamour  
of your lobby groups  
you like to play on fears  
but people see through you

you've got instant communication  
instant data tabulation  
you got the forces of occupation  
but you don't get capitulation  
cause people see through you

you've got the sounding brass  
you've got the triumph of the will  
you do what you want to  
and we pay the bills  
you hype the need for sacrifice  
but people see through you

you've got anti-matter language  
contrived to conceal  
you've been lying so long  
you don't know what's real  
you're a figment of your own imagination  
and people see through you

you've got lip service tributaries  
you've got death fetish mercenaries  
you hold the tickets to the cemeteries  
you're BIG and BAD and SCARY  
but people see through you (BRIDGENORTH, 25/8/85)
