"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Inspectah Deck]

He don't really dance in the club, sip passion for thugs  
Head bobbin', one hand on the slug  
Wit a centerfold, head to toe, dress to kill  
Wit his shit spillin' out the S6 pills  
But he don't trick or spend presidents, basic  
He's so sick, he's a resident patient

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Inspectah Deck]

He move wit a too live crew, white Nike shoe  
Slidin' through, eyein' them boys through the rear view  
He shine like chrome 25's  
On the street, like a low ride, he don't hide  
Seen wit the finest of queens, in designer jeans  
Treat 'em like Midas the King, though he treat 'em mean

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Chorus: Inspectah Deck]

No, he don't care how you feel  
No, he don't care what's your name  
No, he don't care who you wit  
No, he don't care what you say  
(Ain't this bullshit, try your luck  
Cuz he don't give a flyin' fuck!)

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Inspectah Deck]

He's only got about four friends  
You know him, probably got drugs in both Timbs  
Boppin' on hard blocks, at large wit the cops

His song rock in nail saloons and barbershops  
He talks of life and commands the set  
He walks up right and demands respect

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Inspectah Deck]

He don't care what they (fuck is they?)  
He hot like a summer day up in the Bay  
A child of the ghetto, he fought through everything  
And still "undisputed" like Wesley and Ving  
Baggy jeans, two tone boots and big leathers  
Certified live and his name is Inspectah

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Chorus]

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Inspectah Deck]

He stand out the packs, son spit the iller bars  
And smoke chocolate weed and vanilla cigars  
He a sexist, only need birds for one thing  
Got a fetish, for shorty to work the tongue ring  
The cool one, he live like a web cam  
Not a follower, gopher or yes man

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Inspectah Deck]

He got missiles, to turn your block to dust  
He got issues, he'd rather not discuss  
And he posts up, low in the cut with his drink on  
Linked on, mami in pink, wit the mink on  
He a two time felon and parolee  
Made man mobbin' like Vinny and Tony

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and"

[Chorus]

"He's a rebel, he's a rebel and, he's a rebel, he's a rebel and" (3X)
