[Inspectah Deck]

Ye-yeah

Smooth like a green Caddy, ya fiend badly

Heads spin like Giovanni's on the Navi

Hammers spit, quick as the darts, niggaz part

Like the Red Sea, test me, I'm sick with the art

Been held back, it's either rap or sell smack

Black Knight like Martin Lawrence run tell that

It's the I-N-S-P-E-C-T-A-H

Livin' life on the line, I hope I see daybreak

This is ground level, rounds echo out the Special

Be easy, U.D.'s out to get you

Throw it in a mash (so fast)

Known to spaz (so as)

We like strippers makin' niggaz (throw cash)

Smoke the blue green (call it Joe Cash)

Fake thugs (hold ass)

You be the next rapper (callin' Onas)

Wanna measure my size? I rise above the norm

The urban icon ridin' on the eye of the storm, fool

[Chorus: Inspectah Deck]

All my people from the front to back

If you want it like that just.. MOVE!

Get ill, no time to chill

Yo, you feel what I feel then.. MOVE!

Girlfriend, you love how it sounds

Put ya drink down and.. MOVE!

COME ON! COME ON! COME ON! COME ON!

[Inspectah Deck]

What ya do now, put ya loot down

You can bet it on the new sound

Heavy like a Hummer on deuce pounds

True hounds, on the loose in ya town

Bound to the move the crowd, it's The Movement (you down?)

Scream at the top of ya lungs

Pop one for Aaliyah, Left Eye, BIG, 'Pac and Pun

Ride with my shotgun, rock with son

Heads bop to the drums, still shocked and stunned

Comin' live y'all, gangsta like white walls  
On the blue Snoop Deville, watch ya eyeballs  
Blade stay choppin' the track, game top of the pack  
I spit flames y'all acknowledge the fact  
Find out Big Rug get it poppin' like that  
Throw it down like Stackhouse, cockin' it back  
So ladies? Is you wit me now? Don't fake down  
Everybody brace yaselves, it's a shakedown

[Chorus]

[Inspectah Deck]  
I do this for dough, but it's really for love  
Feel me, it's love for hot girls, willies and thugs  
My groups cross seas, call us junglin' thugs  
And it's sure to move ya feet like a gun in the club  
I blaze like a ounce and a half, stay countin' the cash  
For all lames that doubtin' my craft  
He's no pretender, he won't surrender  
(He's a rebel) Don't y'all remember?  
A major player in the game  
Play the frontline, ain't afraid to make a change  
I stay way beyond range  
So far from the norm my code name's Doc Strange  
Now get down with the get down  
Sendin' missiles to all my dogs in the big house  
Make 'em wig out, Spiderman still on the web  
Log on like ya clickin' the mouse, yeah!

[Chorus]
