[Off Topic]

Here we go, one more time  
New life, new beats  
New book of rhymes  
Still no sleep  
Head bangers butt heads and lock dreads  
Over sticker-fame backpack raps that I said  
In an old life  
Said I wouldn't live the night  
But I was never the forfeiting type, right?  
Never quit, never die, never say goodbye  
Without a master plan to keep the hand of my wife tight  
In a skater's grip  
Split a hater's lip so he can kiss my mic, twice  
Been there, done that, heard that song  
I wrote that track, I lived that long  
Got a box full of empty pens that I been emptying  
Since M.K. tagged up the gym  
Patience pays in a million ways  
Breaking ten years down day-by-day

[Phase Fate]

Once again, it's on  
The dawn breaks on desert sand  
Hold On  
As the sun stares at me  
Blinded burned iris sets my mind free  
Now time's behind me

[Off Topic]

I found strength in the strangest places  
Where the champions hang from their Timbo laces  
And they chant to the bang of the army bases  
'Cause I code my slang and they can't break it  
Not bullet-proof but I could dodge a raindrop  
J. Moore, Code Poet #1, Off Top  
I'm the hand of God  
Watch the cradle rock  
Til the angels fall like rain on the rooftops  
I been depressed on my best day  
And bang my chest when death looks my way

But I'll be that rock for my bebe  
We're airtight, couldn't be split by sunlight  
Fresh out the box like a pair of Nikes  
And clean up nicely when life gets on me  
Teflon psyche  
This is your brain on rap  
Now who you heard better than that?

[Phase Fate]

Once again, it's on  
The dawn breaks as craters in the shadow fall face  
More memories replaced by past mistakes  
But fuck gold, ghosts, and haste  
Do not a life make  
Once again, it's on  
The dawn breaks on desert sand  
Hold on  
As the sun stares at me  
Blinded burned iris sets my mind free  
Now time's behind me
