Written by Pam Reswick, Steve Werfel and Allan Rich

Stand up, stand on your own, thats what they tell me

You can make it alone, but where does it say I have to  
move

Far away from you to prove Im strong,

Oh when all it really proves is Im lonely without you

And loneliness has to be wrong, I live for your love,  
(everyday), every minute

I live for your love, (in my life), want you in it

I live for your love, I admit it, I live for your love

I wake up with no one to kiss, sometimes I wonder,  
(wonder, wonder) if I just exist

I know there are people I can see, places I could be,  
and friends who call

Oh but what good does it do, theres no substitute for  
you

I want you or nothing at all, I live for your love, (every  
day), every minute

I live for your love, (in my life), want you in it, I live for  
your love, I admit it

I live for your love and your kisses, and know how Im  
missing

Your sweet tender touch, (tender touch), I need you so  
much

That I just cant go on anymore, what I wouldnt give for

'Cause darling I live for your love, (Everyday), every minute

I live for your love, (Got one life) want you in it

I live for your love, I hate to admit it, but oh, I live for, I'd die for

What I wouldn't give for your love, (I live for your love every day)

I live for your love, (got one life) every day, every minute

(I live for your love), I have only got one life, I want you in it

Oh, my baby, yes, yes, I live for your love, ooh, ooh
