Walking the mountain is easy for the medicine  
Man who follows makes sure the Indian  
Never returns.

His revenge, his revenge  
Rising  
His revenge, his revenge  
Rising

Fighting the front line is honor for the pharaoh in  
Egypt erases the queen, the truth, the history  
of her

Her revenge, her revenge  
Rising  
Her revenge, her revenge  
Rising

Reading the pages of history it's not black and  
White is the man with the pen who's writing the story  
Of life.

Our revenge, our revenge rising  
Our revenge, our revenge rising  
Our revenge, our revenge rising  
Our revenge, our revenge rising, rising, rising, rising
