We are the ones that fight for freedom  
United we stand  
We walk through hell for you  
And we are (we are) the protectors  
Risking everything we have  
Who will you look to when everything you know  
Starts to crumble?

Enough is enough

Clinging to your memories  
Will you dream of me or will I be forgotten?  
Remember me

And when the struggle and the sacrifice  
Becomes too great to bare  
That's when I look to the sky to discover who I am  
And the reasons why I chose to let it all go  
But I didn't know that the cost would be so great  
Do I leave it all behind and forget what I know?  
Will I ever learn not turn to my back on the face of evil?

I only hope that someone's watching over me  
As I look my demons in the eyes, I wonder why I'm still  
here

We are the ones that fight for freedom  
United we stand  
We walk through hell for you  
And we are (we are) the protectors  
Risking everything we have  
Who will you look to when everything you know  
Starts to crumble?

Never forget, we will never forget

Remember  
Those who sacrificed their lives  
And honor Æ– the legacy they left behind  
Cherish their memories  
Deliverance from this nightmare

We command you our brothers  
Have courage and be strong  
Awaiting your return for far too long  
Welcome home!
