A contribution made  
A man-made self brigade  
An imposition of that's dwelled  
And hospitality far from reality  
Casts neglecting yourself  
And in the process of these lies  
Heroes never live, legends never die

Preserve one's self, in safety for growth  
Preserve one's self  
Preserve one's self, in safety for growth  
Preserve one's self

Finding strength in yourself  
A massacre of your dignity  
A fortune for someone else  
Inspired by insufficiency  
Interrogation and hypocrisy  
Inspired by insufficiency  
Interrogation and hypocrisy  
And in the process of these lies  
Heroes never live, legends never die  
A masquerade  
A disposition of everything that you believe  
A front put for success  
Only one could see  
Only one can see

Preserve one's self in safety for growth  
Preserve one's self in safety for growth  
Preserve one's self in safety for growth  
Preserve one's self in safety for growth  
Why kill a dream?  
Why kill a dream?  
Feed off the weakness of your kind  
Feed off the weakness for your prime
