Hangin around my mates one night
We got in a little fight
Geezer come with a knife in his fist
I got cut & all the rest

ACAB ACAB ACAB
All cops are bastards

Coppers come up & say what's wrong with you?
come with us and see what we can do
Next thing I knew I was in a cell
All my mates in there as well

ACAB ACAB ACAB ACAB
All cops are bastards

I had a court date to plead my case
Judge didnt like the look of my face
They said we're gonna put you away
I said all i had to say
I said
ACAB ACAB ACAB
All cops are bastards

ACAB ACAB ACAB
All Coppers Are Bastards

(They are at least 2 versions that are sung different).
