Can you see the stars tonight?  
Do you hear them calling?  
They're breathing love into my life  
Like a brand new morning  
This is how it's meant to be  
I just want you to believe  
All you needs already herein me  
On and on and on  
Its a revelation  
On and on and on  
Like a deep blue ocean  
Nothing to hide  
We've gotta share this simple life  
On and on and on  
Revelation  
(On and on and on...)  
Can you feel the love tonight?  
Do you share my vision?  
There's a bright, eternal light  
Like a new dimension  
This is how it's meant to be  
I just want you to believe  
All you needs already herein me  
It goes on and on and on  
It goes on and on and on  
On and on and on  
Its a revelation  
On and on and on  
Like a deep blue ocean  
Nothing to hide  
We've gotta share this simple life  
On and on and on  
Revelation  
This is my revelation  
This is my revelation  
This is my revelation  
This is my revelation
