"Take Me Away"

Shining light
Another day turns into moon
Eternal fire
Waited all my life

Take me away
Million miles away from here
Take me away
Find a place for you and me
You're taking me higher
High as I could be
Take me away
Forever you and me
Take me away

Tears I cried
Kept them all inside
I needed time
To make up my mind
[To make up my mind]

Take me away
Million miles away from here
Take me away
Find a place for you and me
You're taking me higher
High as I could be
Take me away
Forever you and me
Take me away

Take me away
Million miles away from here
Take me away
Find a place for you and me
You're taking me higher
High as I could be
Take me away
Forever you and me
Take me away
