Sick of hearing lies

I was out with a girl last night  
and I felt the time was right  
I gave my heart to her but she started talking  
all about the shit that I'm so sick of hearing  
chorus: Oh, I'm so sick of hearing those lies

2.)

"you're really cute but I don't want a boyfriend"  
"I like you but we're from separate worlds"  
"in the end I'll end up gettin' hurt"  
"I'd love to spend my time with you but I got so much  
work to do"

chorus: Oh, I'm sooo sick of hearing all those bloody  
lies

3.)

"I'm sure you'll find another if you try"  
"don't take it personally it's got nothing to do with you"  
"let's stay good friends and I'll call you"  
but I know you won't .....

solo

4.)

so why don't say I don't love you - that's all  
no reason, no excuse, no sweet claptrap  
straight talking is less painful than hearing lies  
t'was nice meeting you - I'll try it again.
