Frail connection to the sky
Frail connection to the ground
IÂ'm lost in between
And IÂ've lost what I found
Is this the dream?
Then itÂ's frail like me

Frail connection to the stars
Frail connection to the earth
I donÂ't know what I look for
But I know what itÂ's worth
I have to be careful
Cause itÂ's frail like me
Fail to open up my eyes
Fail to listen to the sound
Fail to be present
Fail to be around
Come stand where I am
And youÂ'll fail like me

Feel like sitting in the rain
Feel like opening up my veins
Feel like IÂ'm homeless
Feel like a clown
Feel like itÂ's hopeless
Cause the only way is down
