CHORUS

Don't let the stars get in your eyes

Don't let the moon break your heart

Love blooms at night, in daylight it dies

Don't let the stars get in your eyes

Or keep your heart from me

For some day I'll return

And you know you're the only one I'll ever love

Too many nights (too many nights)

Too many stars (too many stars)

Too many moons to change your mind (don't let the
moon change your mind)

If I'm gone too long don't forget where you belong

When the stars come out remember you are mine

CHORUS

(Don't let the stars get in your eyes, don't let the moon
break your heart)

Too many miles (too many miles)

Too many days (too many days)

Too many nights to be alone (too many nights all alone)

Oh, please keep your heart while we are apart

Dontcha linger in the moonlight when I'm gone

Don't let the stars get in your eyes

Don't let the moon break your heart (don't let the moon
break your heart)

Love blooms at night, in daylight it dies

Don't let the stars get in your eyes

Or keep your heart from me

For some day I'll return

And you know you're the only one I'll ever love

(I'll ever love)

I'll ever love

You're the only one (you're the only one)

I'LL EVER LOVE
