{O'Dell} (Chorus)x2
Givin yo lil sins away
Tryin to find a better day
I keep seeing all this through these eyes of mine

{O'Dell}

These eyes of mine have seen
So many messed up things
I really don't know why
Women live that life
If you need a child to make him stay
You need to send his ass on his way
I see it on the streets everyday
Single mother tryin make her way

{Spade}

Girl I'm sick of seeing you like this
Get your act together you ain't gotta live like this
Girl you pregnant and you still smoking, what you
trying to do poison your
seed ?
God bless you with a child and you give him praise with
your weed
And you still run the streets thinkin that your friends is
your friends
But tryin to move on and watch them stab you in yo
back in the end
And all I can tell you I hope the best for yo unborn seed
But I'm goin to let you know that I don't like the shit that
I see

{Chorus}x2

Givin yo lil sins away
Tryin to find a better day
I keep seeing all this through these eyes of mine

{Valario}

These eyes of mine has seen so many fucked up
thangs
Lil girls tryin to be women play they self in the game
My eyes can see that you move fast
You figure if you please this nigga you can come up on
some loose cash
You had a baby by this nigga, he ain't trippin off you
He to busy paper chasing, so where that leave you ?
Got another mouth to feed now
My eyes can see that you regret everyday you ran the
streets now
And I can see yo lil sister walkin the same path
Take any nigga with some paper, and he'll be up in that
ass
My eyes can see why niggaz call females bitches and
hoes
Cause you sale yo precious bodies, cause you sale
your precious soul

Tryin to find a better way

Givin yo lil sins away
Tryin to find a better day
I keep seeing all this through these eyes of mine
