And has left you with no warning.

It's not always been this gray.

All things must pass.

All things must pass away.

Sunset doesn't last all evening.

A mind can blow those clouds away.

After all this

My love is up and must be leaving.

It's not always been this gray.

All things must pass.

All things must pass away.

All things must pass.

None of life's dreams can last.

So, I must be on my way

To face another day

And darkness only stays at nighttime.

In the morning it will fade away.

Daylight is good

At arriving at the right time.

It's not always gonna be this gray.

All things must pass.

All things must pass away.

All things must pass.

All things must pass away.
