Verse 1-

I know why you feel this way. I know how to lift your
spirits up. You gotta think of all the good times that
you've had. You gotta stand back and realize that you
are proud of all the people and all the things that
makes you feel good. Just pause for a second and
recognize it's something you should DO!!!

Chorus-

When you take your life to serious....
That life of yours will one day come to a stop sign.
You won't know what to think about yourself....
You won't know what to do. You won't know what to say.

Verse 2-

Now think about it. Comprehend it. It's the way you live
inside your mind. Agitation. Comprehension. It's the
way you think inside your mind. Pause for a second and
recognize it's something that you should do NOW!!!

Chorus

Dead end. Where do you go? AHH!!!!

Shut it out! Don't let it become pathetic!!!

Shut it out! Don't let it become pathetic!!!

Chorus

AHH!! DEAD END!! WHERE DO YOU GO??!!!!!!

SHUT IT OUT!! DON'T LET IT BECOME PATHETIC!!!

SHUT IT OUT!! DON'T LET IT BECOME PATHETIC!!!

Dead end. Where do you go?
