So let you shine.

Verse 1-

I need to take some time off just to talk to you. I wanna tell you exactly how I feel. I wanna tell you the bits and pieces of every emotion. I face the facts that somedays we'll have our disagreements, but that'll never push me away. That'll never keep me away from you.

Pre-Chorus-

I'll always be with you. I'll always comfort you. I'll always stand by your side when you need me...side when you need...now stop.

Chorus-

I know you'll never....leave me to dry.

And I know you'll follow me...cuz everything seems right.

Now I'm stronger than ever...stronger.

Cuz I couldn't ask for anyone better.

Verse 2-

Ask for anyone better... better...

Everytime I think about you I'm dreaming.

About where we'll be when we're older.

I have faith in what I see. Only positive things we'll be from you.
