So they say i'm doing fine
And they say your a friend of mine
Well that's very moving
But its not really soothing
Insincere and color blind

Hey ain't it funny
Everyone knows
How my skin shows

So they say i'm doing fine
They've got nothing on me but time
Time to talk about it
Yeah, that's where i'm going
Do they really know how i find

Hey ain't it funny
Everyone knows
How my skin shows
Black and bruised

Hey ain't it funny
Everyone sees
How my skin shows
But you

Hey ain't it funny
Everyone knows
How my skin shows
Black and bruised

Hey ain't it funny
Everyone sees

How my skin shows but you
