It doesn't matter if you are going to wait  
But the lesson's learned and it seems ok  
And you might not like this at all  
But i never thought that you cared much at all

Why don't you beg out of your own disasters?  
Hey now, hey now, let it out, let it out  
Why don't you lean onto your soul reactor, now?

It doesn't matter if your coming out  
When the whole damn world is still in doubt  
It doesn't matter if push come to shove  
And the best there is, is the rest that was

Why don't you beg out of your own disasters?  
Hey now, hey now, let it out, let it out  
Why don't you lean onto your soul reactor  
Hey now, hey now, let it out, let it out, yeah  
Why don't you beg out of your own disasters?  
Hey now, hey now, let it out, let it out, yeah  
Why don't you lean on to your soul reactor, now?
