Mia X:

Mama Mia and the Ghetto Twiinz  
puttin down the real y'all  
something y'all can feel y'all  
No Pain No Gain, believe that

GT:

Mama told me there be days like this  
You have to be bout your hustle if you planin to be rich  
It always takes a nobody to bring ya down  
But it take somebody to stand in grounds  
Have mercy on our kids today (have mercy)  
Surviving tryin to make a way (have mercy)  
The killers got me back in heat, I can't trust them  
Why you wanna capture me? Straight buckin  
Gonna always face pain in life  
I ain't sayin it's gon' be easy u gotta gain some strife  
Just because I'm from the ghetto, it's even harder  
I gotta be strong and bustin my ass for my son and  
daughter  
Don't you call me a lie cause I'm living proof  
slangin drugs yes I used too, bust slugs if I have too  
So don't tell me what you can't do or won't do  
Just keep ya head up and stay true

Chorus: (repeat 3x) No Pain No Pain, No Gain (no gain)

GT:

You can be a cook in the kitchen, a lady in the streets  
you cant show your tits to every guy you meet  
It's alright to be a little sweet  
but being mama to them kids and your no

(Chorus)

Mia X:

Sisters I know it's hard cause everyday it's a struggle  
Being both mommy and daddy, tryin to hustle  
Anyway you can just to bring home the bacon  
Baby daddy fakin it  
Keepin your head achin

Takin shit off a job payin you 4.65, an hr. (damn)  
Feeling like slaves cause the white man still holds the  
power  
But your strength will get (stronger) soon, remember  
that  
because we God's children.. strong, fearless and black  
Fact still remains we are harder then a motherfucker  
Lord, how long they gonna try to keep ya children  
under  
Don't sit and wonder, pull ya'self up and stand firm  
Cause every bit of pain you take is a lesson learned  
You earned the right to be a queen girl  
So take your throne  
And if your man is a good man, then be his back bone  
We strong like Noah's ark, we gon' make it thru the rain  
again  
I know it seems bad but we gon' laugh after the pain  
again  
Believe that...

(Chorus)

GT:

Out here strugglin and striving got me screamin for  
help  
Ain't nobody giving me shit I gotta get it myself  
got my back against the wall but I'm surviving this shit  
Can't run, can't hide in the midst of the shit  
Who do you call when your kids get hungry  
Can't call on baby daddy he left you lonely  
Only lord know the pain that we fightin inside  
Don't you cry, dry your eyes it's either do or die  
Mama made us some strong women, gotta be strong  
women  
Gotta hold on women, and best believe we gon' make it  
through the storm women, never let them see you  
sweat  
if you under pressure, pressure  
So don't let them stress ya  
Don't let them get the best of ya  
Cause if they do they is gonna take advantage of ya  
So keep it true, see we be fightin against the world  
Precious like a pearl, got me screamin fuck the world

(Chorus)
