"Lonely Street"

Where is that place called Lonely Street?
Where is that place called Lonely Street?
My baby ran away because of jealousy,
But she lost her little way on that Lonely Street.
Tell me please,
Where is that place called Lonely Street?
Where is that place called Lonely Street?

Now just because she saw me with her - another girl -
That's why she ran away on that Lonely Street.
Now if I could find that place called Lonely Street
If I could find the place called Lonely Street...

My baby ran away because of jealousy,
But she lost her little way on that Lonely Street.
So, tell me please,
Where is that place called Lonely Street?
Where, where is that place called Lonely Street?
Where, where is that place called Lonely Street?...
