Never thought I'd say i'm sorry
Never thought I'd be the one to bring you down
Now when I look out my window,
But there doesn't seem to be anyone around

(chorus)
And I
I think I'll change my ways
So all your words get noticed
Tomorrow's a Brand New Day
Tomorrow's a new day

We said we'd take a little time
For both of us to see
What the world would be like to carry on
Yeah, I might got crazy

But I guess that's just me
If I could turn back time before the wrong

(chorus)

Yeah
And I, (I.....)
I think I'll change my ways(I.....)
So all your words get noticed (no no noticed)
I, I think I'll change my ways
I think I'll change my ways
I I I
I.....
I think I'll change my ways.

Never thought I'd say I'm sorry.
Never thought I'd be the one.
