So you think you found me  
but your wrong I found you  
So you think your charm would work  
your wrong I know all  
You try too much  
You try too hard  
You try too long  
Try the code

Access Denied  
To my heart freak you  
I don't care anymore  
Access Denied  
to my heart freak you  
so you just have a nice day sir

Email me sometime  
Maybe you should just drop a line  
But I don't care anymore for you  
I don't care at all  
There was a time  
I loved you though  
and I gave you a code  
So if you want to reach me  
Try the code
