People like to say that they know what they talk about
So many times I have said something like this
Just because of something that they heard a play on
words

In the middle of the crosshairs I've earned
Take away all my respect and all my dignity
Leave me with the fact of knowing it doesn't mean a
thing
Don't have to explain to me

{Chorus}

I am, we are (All target's in the crosshairs)
I want to tell you that I'd like to see you come around
I'd like to tell you that I miss you when you are not here

I know you battle a wet demon and you often lose
It doesn't matter to no one
Don't have to explain to me

{Chorus}

I am, we are (All target's in the crosshairs)

Come a little bit closer to me, Get up closer to me
Keep in check with your mind
Spite me, pain free, Call me useless
You'll see, Blindly, you've been so foolish!

{Chorus}

I am, we are (All target's in the crosshairs)
