Cookie Please try to feed me

stay here don't put out the taste

feed me now don't bother

if every minute makes me hungrier

you can save me from the monster that I've become oh
yeah

Chorus:

Looking back on the things I ate

I was trying to feed myself

I ate all the cookies and got fat

now let me show you the shape of my tummy

cookieness is beautiful

hungriness is tragical

so hear me I can't win this hunger

feed me now don't bother

if every minute makes me hungrier

you can save me from the monster that I've become

Chorus:

Looking back on the things I ate

I was trying to feed myself

I ate all the cookies and got fat

now let me show you the shape of my tummy

I give my confession

I got noting to eat no more

I don't know where to feed

so I'll show you the shape of my tummy...

Chorus:

Looking back on the things I ate

I was trying to feed myself

I ate all the cookies and got fat

now let me show you the shape of my tummy

now let me show you THE SHAPE OF MY TUMMY...uhhh
