"Higher And Higher"

Your love is liftin me higher, than I've ever been lifted
before.

Your love is liftin me higher, than I've ever been lifted
before

so keep it up, quench my desire and I'll be at your side
forever more

Now once, I was downhearted disappointment was my
closest friend

But you came, he soon departed and he never showed
his face again

Oh so your here I finally found you, your that one in a
million man

When you ran your lovin arms around me I can stand
up and face the world again

Your love is liftin me higher than I've ever been lifted
before (higher)

So keep it up, quench my desire and I'll be at your side
forever more (higher)

(Repeat x3)
