just dont tell me you dont dont know

i trip and fall at you everyday
i look at life and it is gay
i grab my nuts but its okay
cause my dumb mouth has nuthin to say
look at you with a stupid face
as you put me in my stupid place

just dont tell me you dont know

now hold me back again

and every now and then
we meet again and meet our end
so did you know me back then?
and did you have me as a friend?
just dont tell me you dont know
that what you reap is what you sow
these useless things we go through
to forget me and to remember you
