You are so sweet to me
I will always love you no matter what
You mean more to me then anything
You have done things for me that no one has ever
before
You rock my nights and brighten up my days
There is no one in this world better then you
Chorus: I love you more then ants love food
More then trees love water
More then anything in this world
I stay up all night just so I can talk to you
I think of you 24/7
You are in my dreams
Chorus
I love you so much
You are my little Leo
And i dont know what I would do without you
You put a smile to my face when I am down
You lighten me up when I am sad
and tell me everything will be ok
And i know it will be ok as long as u are here with me
Chorus (2 times)
