I'm drinking dust

With eyes of rust

Tonight my tears might stain your wings

So flutter home

"Cause you're better off alone than with me

So hide your face

And tie your lace

And butterflies across your cheek

Forget how soon you become a fool for words when i
speak

Flutter Girl you don't wanna know what i live

You don't wanna take what I give

'Cause I give nothing for free

My hands are rough

My fingers cold

And your heart so young and so naïve to ever feel for
a

moment

That I might dare to believe...

I'll tear your wings as I melt in your smile as I run all
your

colors away

Flutter Girl you don't wanna know what I live

You don't wanna take what I give

'Cause I give nothing for free
