To kill is why I live

My God gives eternal life

Slice you, I watch your blood flow

Rotten brains, I feed 'till I'm full

Pressure building, the body starts to swell

The souls of my victims brings me great power

Feasting on the flesh by the hour

Lungs explode as I cave in your chest

Probing through your organs - searching for meat

Chewing the heart of my kill builds my evil will

Bodies emptied of blood to fill my sacrificial chalice

I stalk my prey at night, I need to kill tonight

To strengthen my evil soul, those what I keep worship
me below

I am your worst reality, pain and torture of humanity

Violent ways of insanity, there is no end to this cruelty

In my grasp, I'll kill you fast, I'll send your soul to hell

Butchery of Human beings is the only life I know

My armies of zombies will inherit the earth, and answer
to my spells

Mutilate the human race in search for immortals

I drag the carcass home, it feels stiff and cold

Incantation of the devil to rob it of its soul

Consume the lifeless cadaver, I drink your blackened
blood

Its death flows through my body, indulge in its pain

Crucifixion in the cemetery awakes the dead from their
sleep

Rising from their graves to devour the weakened
mortals

Under my control, I own their tortured souls
