There's something inside me

It's, it's coming out

I feel like killing you

Let loose the anger, held back too long

My blood runs cold

Through my anatomy, dwells another being

Rooted in my cortex, a servant to its bidding

Brutality now becomes my appetite

Violence is now a way of life

The sledge my tool to torture

As it pounds down on your forehead

Eyes bulging from their sockets

With every swing of my mallet

I smash your fucking head in, until brains seep in

through the cracks, blood does leak

distorted beauty, catastrophe

Steaming slop, splattered all over me

Lifeless body, slouching dead lecherous abcess, where
you once had a head

Avoiding the prophecy of my new found lust

You will never live again, soon your life will end

I'll see you die at my feet, eternally I smash your face
facial bones collapse as I crack your skull in half
Crushing, cranial, contents
Draining the snot, I rip out the eyes
Squeezing them in my hands nerves are incised
Peeling the flesh off the bottom of my weapon
Involuntarily pulpifying facial regions
Suffer, and then you die
Torture, pulverized
At one with my sixth sense, I feel free
To kill as I please, no one can stop me
Created to kill, the carnage continues
Violently reshaping human facial tissue
Brutality becomes my appetite
Violence is now a way of life
The sledge my tool to torture
As it pounds down on your forehead
