Demolition of bodies, smashed and broken,
Piles of guts, moist and steaming
Tendons severing, brains are boiling,
Unburied corpses in state of decay
Rotten limbs start to ferment,
Torso's torn in two
Skin ripped off to expose muscle tissue,
Butchered for human stew
Crawl into the cadaver head first,
Eat your way through the guts
The pungent smell of decaying innards
Is enough to drive you nuts
The spleen of the carcass is oozing from your mouth
As you chew on the piss filled kidney's
Suck through intestines
Leaving nothing but bones
Violently cutting, seriously hacking,
Sounds of death fill the air
Bones sticking out, ripped from sockets,
Blood spurting everywhere
Victim lying dead, neck but no head,

Smearing remains on your own face
Violently cutting, seriously hacking,
Sounds of death fill the air
Blistering flesh, another death,
Stiffened bones, morbid groans
Evil minds, brains oozing slime,
Feel the pain
Body weak brain contorting,
Fluid flowing from your organs
Veins torn out, Mangled
Festering flesh, quivering cadaver,
Ligaments stretched around your own neck
Drink the puss, Mangled
Severed dick, bloody bowels,
The gutted corpse now lies hollow
Feeding on feces, Mangled
Amputated arms, crushong legs,
Head is ripped right off your shoulders
Thrown in a pile, Mangled
Limbs rearranged, head on backwards
A humongous heap of twisted flesh
Sewn together, Mangled - Mangled
His knife plunges in, your cold battered body
Blood seeping through, the jagged wounds he cuts
Unbearable pain, give into death

Your life slips away, perish in blood
His knife plunges in, your cold battered body
Blood seeping through, the jagged wounds he cuts
Unbearable pain, give into death
Your life slips away, perish in blood
Menacing madman mutilating
Destroying disfiguring, dead you'll be
Crushing cracking killing you
Annihilation, desecration
Born through modern day science
Man has made his last mistake
A creature so hideously horrible
Leaving nothing to waste
Evil has a new face,
A mangled horrible face
His views are those of death,
Nothing will stop his lust
Slicing victims left to decay,
Listening to their mortal cries
Unhuman, immortal, bestial,
Now he owns your soul
Slicing victims left to decay,
Listening to their mortal cries
Unhuman, immortal, bestial,
Now he owns your soul
Crawl into the cadaver head first,

Eat your way through the guts
The pungent smell of decaying innards
Is enough to drive you nuts
The spleen of the carcass is oozing from your mouth
As you chew on the piss filled kidney's
Suck the vomit through intestines
Leaving nothing but bones
Human converted to beast,
The perfect killing machine
Psychotic structure of brain tissue,
Murder his only memory
Dependant on death, crushing your head,
I'm addicted to blood, chew the decay
The weakened man must die,
Tearing out his insides
Smashing all the bones,
Hear his tormenting groans
