Tearing at my neck my sharpened teeth pierce the
meat

My warm bloodied prey sustains my life for one more
day

The oldest of souls, left behind after life

Before death I was nothing but human

Indulgence in the blood, intoxicated from its drug

It warms my cold soul

Tapping the gushing sap, trickling down my throat

Rejuvenation of my body

No blood left to scab

Now it flows through my veins

Heaven I have found

Fear in my grip

Transcend beyond mortal

The sweet blood

I will swallow

Draining the inner spirit

Feasting on the power

Knowing only pleasure

Human blood I devour

Ghastly beauty look into my eyes

to reproduce with the living
every century
Impregnation of the virgin
I drink the blood of the unborn
Returning to my grave
dragging my blood drained prey
My body burns from the light
Sleeping until night
In my clutch, you greet me with open arms
soon I will rip them off
And drink the blood from the stumps
Life and death are too clear
but mankind is blind to see
the twisted path of their own mortality
Scripts of the dead
Netherworld knowledge
Rotten fragrance lingers
Unleash the odor
I have risen
Vampire
Zombie
Sucking on
Arteries
body
numbs

One of my sons died for your sins

Resurrect him so I can

drink his blood again
