How did I come to become
How did we come to become this way
When we were inseparable
Formula of rituals I have lived
Lost time-resentment
I can't forgive when we were inseparable
Made a commitment to resentment
You will never forget it
Side by side oblivious protected
Someone to hide behind
Situation of security
Foundation of stability
Happily ever after
I won't but that shit
Happily ever after
Sacrifice my freedom
My precious time
For money and security
For my senile state of time
Look in the future
Save all my money
While life slips away
Slip away unchallenged
Happily ever after
Stagnating ill choking on
A bitter pill something went
Wrong this is not how I am
Supposed to feel there must
Be something seriously wrong
With me I've gone out and
Done all the things that
were supposed to bring me
Harmony still not
Satisfied someone must
Have lied about this
Formula formula of
Rituals I have lived
So busy so involved in your lie
That I forgot to even try
Only alive to do what's
Prescribed?

Living a sacrifice?
