Invalid at last smothers the working class  
nihilist to be turns the scrape into a gash  
walking tall and ignorant-this man is now a militant  
deceiving the prophets confession to release this  
endless aggression

One is the soul Amplified Suicide  
Keeps the masses terrified  
But there's nothing to kill nothing to kill  
Nothing left unsaid  
Cause the snake has no head

But the body fills with greed and we spill when in need  
and all the slaves are on probation growing fat in a  
comfortable nation  
so the snake keeps on recruiting we one more royal  
shooting  
nothing left to lose so we create another wound

One is the soul Amplified Suicide  
Keeps the masses terrified  
Nothing to kill nothing to kill nothing to kill  
Nothing left unsaid  
Cause the snake has no head

Fear of death is gain consuming the weak in shame  
it's a power we can't see but it leaves ourselves to  
blame  
shameless mourn another day slithering sins fade  
away  
but the snake is just a pawn and remains when we are  
gone

One is the soul Amplified Suicide  
Keeps the masses terrified  
Nothing to kill nothing to kill nothing to kill  
Nothing left unsaid  
Cause the snake has no head
