"My Burning Sun"

Iâ€™m sitting here watching nothing
I start to drift away (drift away, drift away)
Thinking about the future, though my clouds are grey

A cigaret and some chocolate
Donâ€™t ever pacify (pacify, pacify)
Thereâ€™s gotta be some daylight
Through the darkest sky
You could make it alive

Donâ€™t tell me you canâ€™t see youâ€™re
Better than everything and everyone
Itâ€™s no coincidence the rain is gone
And youâ€™ve become my burning sun
My burning sun

Wishing Iâ€™d found you sooner
So many wasted hours (wasted hours, wasted hours)
Letdowns and burnouts
On a night so cold youâ€™d be there to hold

Donâ€™t tell me you canâ€™t see youâ€™re
Better than everything and everyone
Itâ€™s no coincidence the rain is gone
And youâ€™ve become my burning sun

Your eyes light up my skies
All the grey turns into blue
I get so lost inside
Only you can get me through

Donâ€™t tell me you canâ€™t see youâ€™re
Better than everything and everyone
Itâ€™s no coincidence the rain is gone
And youâ€™ve become my burning sun

Donâ€™t tell me you canâ€™t see youâ€™re
Better than everything and everyone
Itâ€™s no coincidence the rain is gone
And youâ€™ve become my burning sun
My burning sun

My burning sun
My burning sun
