"Inch By Inch"

You can take a powder
You can take a drink
You can keep the shrink
And the kitchen sink
Write my name in heaven
in invisible ink
I just woke up
from dreaming I think

You can take me over
You can give me a lip
You can take me under
You can give me the slip
Take off everything
or tear me off a strip
Like a lady in the chamber
and another in the clip

Chorus
Don't move a muscle baby
Don't even flinch
You can miss me by a mile
Or just inch by inch
Inch by inch
Inch by inch
Inch by Inch
You can pull me up again
Inch by linch
Inch by inch
As pulses race
I long to see that
Look upon your face

You can take me outside
You can take me apart
You can take me upstairs
you can take me to heart
You made me love you when
you thought you were so smart
Don't try to stop me when
you told me to start

Chorus
