moods for moderns, moods for moderns  
moods for moderns, moods for moderns

I get hit looking for a miss  
I never thought that it would come to this

moods for moderns, moods for moderns  
moods for moderns, moods for moderns

don't mean to never be the same again  
I'm surprised that you've been taken in vain

CHORUS:

what if none of your dreams come true  
I can never run from you  
there's never been a how-do-you-do  
there's never been an ending  
soon you'll belong to someone else  
and I will be a stranger  
just pretending

moods for moderns  
merry lingers  
I let you in to foreign fingers

moods for moderns, moods for moderns  
moods for moderns, moods for moderns

I never thought that I would see this day  
I never thought that I would give you away

chorus

moods for moderns  
let them break us  
strong and sudden  
foreign fingers
