My head is spinning and my legs are weak
Goose-step dancing, can't hear myself speak
Hope in the eyes of the ugly girls
That settle for the lies of the last chances
When slow motion drunks pick wallflower dancers

You come here looking for the right to glory
Go back home with a hard luck story
I can't hardly wait around
'Till the weekend come to town

Play one more for my radio sweetheart
Hide your love, hide your love
Though we are so far apart
You gotta hide your love
'Cause that's the way the whole thing started
I wish we had never parted

Now when it's late and the night gets colder
Don't lay your head on any other shoulder
Some hire themselves out for a good time
But you and I we have them sold

So I keep on sayin'...

Play one more for my radio sweetheart
Hide your love, hide your love
Though we are so far apart
You gotta hide your love
Oh that's the way the whole thing started
I wish we had never parted

Play one more for my radio sweetheart (repeat & fade)
