White knuckles came down to put the frighteners on
I believe she's the one that he's got his heart set on
It doesn't matter if your face doesn't fit
There's no charge for changing it

Oooh oooh
What are you doing
You see right through him
You don't have to take it when he gets cruel

Chorus:
White knuckles on black and blue skin
(1,4) You don't have to take it so you just give in
(2,3) He didn't mean to hit her but she kept laughing
White knuckles sweatin' on the headboard
He never found out what the kisser was for

Losing face with the boys while she's whispering in his
ear
They never found out why they called it laughing gear
Maybe they weren't loved when they were young
Maybe they should be hung by their tongues

Oooh oooh
Under the blankets with the body jerk
He needs her like the axe needs the turkey
Making a mockery of his fancy footwork

Chorus

There's always someone new to toy with when the
penny drops in the slot
Now it's all petty crime on the news at nine
But it's all she's got
Love on the never never dreams don't come cheap
I don't close my eyes when I go to sleep

Oooh oooh
It gets right under your skin
It makes you as miserable as sin but
you don't have to take it so you just give in

Chorus

Why don't you come round anymore
Mama said
He's using you
Sister said
I told you so too
When he goes through your head You took him to be
true
