Rocket 88

performed by James Cotton

You women have heard of jalopies; you've heard the
noise they make

Let me introduce my new Rocket 88

Yeah she's straight, just won't wait. Everybody likes
my Rocket 88

Babe we'll ride in style movin' all along

A V8 motor baby; it's modern design

Black convertible top and the girls don't mind

Sportin' with me riding all around town with joy

(no V chord here)

[solos]

A V8 motor baby; it's modern design

Black convertible top and the girls don't mind

Sportin' with me riding all around town with joy

(no V chord here)

Step in my Rocket. Don't be late

Cause we're pulling out about half past eight

Go around the corner gonna get a fill

Everybody in my car's gonna take a little nip

Move on out. Movin' and cruisin' along

Here we go, here we go!

[harp and horn riff]

A V8 motor baby; it's modern design

Black convertible top and the girls don't mind

Sportin' with me riding all around town with joy

(no V chord here)

Step in my Rocket. Don't be late

Cause we're pulling out about half past eight

Go around the corner gonna get a fill

Everybody in my car's gonna take a little nip

Move on out. Movin' and cruisin' along

We gone y'all, we gone!

[harp and horn riff]
