[The ultimate dark occult worship right from your TV  
WWW]

Cum to me my children  
United we stand with strenght  
Vortex of the Gods, twilight of the Storm  
Destroying the icon, unchaining the wolves  
Blood and persecution  
Tyranny for perfection  
Hate and wisdom shall lead us to the end  
Symbols of War, night of revelation

Ahnenerbe, soldiers of the void  
Open wide the gates to the ultimate knowledge  
Welcome to the Abyss, the world Redemption  
Kneel before your master, your God, and remember  
That I have seen the light of Javhe  
I have drunk the blood of Jesus  
I am the chosen one  
None shall fuck with me right now  
We worship the sacred Hammer !  
We worship the New Cross !

Chaos !

Subversion is the purity unknown  
Come to me across rivers of blood  
Swim and swim within the human remains  
Ahnenerbe reconstruction

I am the saviour of this red inversion  
I'll take power from the will of the Lord  
My eyes are raping your world of deep uselessness  
My fate insult your stream of fucking consciousness

We worship the sacred Hammer  
A weapon against this world  
We worship the New Cross  
The ultimate violation

We worship the sacred Emerald

Only way to Redemption  
We worship the New cross  
The War has just begun
