This Is God

Verse 1:

Our God robed Himself in weakness  
Our King chose to be a Slave  
To serve love to the hopeless  
He lost His life, the lost to save

Chorus:

This is God  
Seeing beauty in ashes; restoring the years  
This is God  
Living and dying to free us from fear  
This is God

Verse 2:

Your love draws me, though a stranger  
Your word speaks and I see light  
Your hands reach to heal and save me  
And in Your Spirit I breath new life

Bridge:

This is Hope, this is Joy  
This is Love, this is God
