My my rep is impeccable, I'm not to be fucked with

My rep is impeccable, I'm not to be fucked with  
My my rep is impeccable, my rep is impeccable  
My rep my rep is impeccable, I'm not to be fucked with

The best jewelers want to make my things

Big money (big money) new clothes (new clothes)  
All this ice in my watch, time's froze (time's froze)  
Still proper is just to get chose  
By the bare, yellow bones with the pretty painted toes  
(yo)  
She with it (she with it) I know  
I done hypnotize this girl with my candy painted flow  
(ah hah)  
And everywhere she hear is the Lamborghini door  
Raisin' up, closin' down, so the panties 'bout to go  
She know she won't be way down in her tummy  
And she even clean so nicely just hopin' I get hungry  
No sir (no sir) not today  
And I really hope she know, ever since she can't stay

Boo boo rappers, go to jail drop, so  
Straightened up nicely, hip-hop likes me

I'm more like a virus, you're more like a sneeze  
Cancerous lyrics bringin' beasts to their knees  
I'm just a little boat, music is my sea

On the fantastic voyage just tryin' to find the key  
(The key?) Yeah, the key to the cars  
The mansion, the money, the jewels (jewels)  
Without signing the shitty contract and becoming the  
tool 'cause

You the dead body I'll be your undertaker  
All my hits turn to bread so just call me the baker
